## Floodwaters Recede At Fort Worth, Texas

### Death Toll In Flood Raised To 8

Fort Worth, Tex., May 18—(AP)—The rampaging Trinity river pulled out of stricken Fort Worth today and threw its full, surging might at Dallas, 30 miles to the east.

Two more bodies were found here as floodwaters receded, raising the toll of drowned to eight. Thirty were injured, 13,000 were homeless and City Manager W. O. Jones said property damage would run "well over \$6,000,000."

The rain-swollen river hit Dallas with a near-record crest of 48 feet—20 feet above flood stage. Its muddy waters backed around the ends of Dallas' powerful levees to inundate residential and industrial areas.

Evacuate 100 Families

Rescuers in scores of boats evacuated 100 negro families marooned in Roosevelt Addition. In one industrial area, at the Trinity Steel company plant, the water stood 10 feet deep. Civil Air Patrol pilots dropped food and supplies to five families marooned on an "island" five miles northeast of Grand Prairie, near Dallas.

The turbulent weather toll in the southwest for the past three days—tornadoes and floods—rose to 17 dead and about 163 injured.

Peril to health mounted as the flood ebbed at Fort Worth. With its water supply badly crippled, Fort Worth authorities clamped on emergency sanitation regulations.

Close Stores In Flood Area

The health department closed drug stores and food establishments in the flooded areas. The city council asked non-essential businesses and theaters without private supplies of water to close until the water and sewage situation improved.

City health director W. V. Bradshaw urged wholesale immunizations against typhoid fever. Emergency stations gave the typhoid shots to more than 1,500 persons.

Tank trucks hauled water into Fort Worth and it was doled out to thousands at emergency stations set up throughout the city.

The body of John D. Fawks, 84, was found in Forest Park today and the body of an unidentified woman, clad in brown slacks and striped blouse, was recovered in the Botanical Gardens.

A 50-year-old steam pump was forcing water into Fort Worth mains this afternoon. It could supply 13,000,000 gallons a day, a fraction of Fort Worth's needs. Meanwhile, engineers toiled feverishly to put the main Holly Station Water plant—a casualty of the flood—back into operation.

## CIO Heads Decide To Revoke Charter Of Leftist FEW

Washington, May 18—(AP)—The CIO's top leaders decided tonight to recommend that the next CIO convention revoke the charter of the left wing Farm Equipment Workers Union.

The labor organization's executive board took the unprecedented action by a 35 to 9 vote in another showdown between rival right and left wing factions.

CIO President Philip Murray told newsmen the convention next October 31 at Cleveland will be asked to lift the FE's charter unless the union agrees to surrender it.

It was the first time in CIO history that the executive board has decided to recommend lifting an affiliated union's charter.

The action grew out of the FE's failure to carry out board orders to merge with the big CIO Auto Workers Union. The FE has about 30,000 members.

After a stormy closed door session marked by bitter wrangling between the rival factions, Murray told reporters the board also had decided to withdraw from the communist dominated World Federation of Trade Unions and participate with the AFL in forming a new anti-communist world labor organization.

Leo J. Flynn Is Deputy Of K. Of C.

Rockford, Ill., May 18—(AP)—Leo M. Flynn of Chicago, is the new deputy of the Knights of Columbus.

## McCloy Named Civilian Leader For U. S. Zone

Washington, May 18—(AP)—John J. McCloy, 54-year-old lawyer, banker, and top-notch administrator, was named by President Truman today to be "the supreme United States authority in Germany."

Subject to Senate confirmation, McCloy will take up his duties as high commissioner in Germany "within the near future," the White House announced.

Insofar as administration of U. S. affairs in Germany is concerned, McCloy will succeed Gen. Lucius D. Clay, who retired as military governor of the American zone in Germany Sunday. But McCloy's appointment marks the beginning of a changeover from military to civilian control in the American, British and French occupation zones.

Officials here also hope it will inaugurate a more peaceful era in the development of Germany, pointing her toward an exercise in practical democracy that will enable the defeated nation to resume its place in world affairs.

To take the German assignment, McCloy is resigning as president of the World Bank, effective not later than July 1.

The executive directors of that international agency accepted his resignation today and elected Eugene R. Black, a senior vice president of the Chase National Bank of New York, to succeed him in the presidency. Black has been executive director of the international bank since March, 1947.

The World Bank presidency pays \$30,000 a year tax free. McCloy in his new post is expected to get \$25,000 a year, subject to taxes.

Mr. Truman's appointment of McCloy came two days before the scheduled departure of Secretary of State Acheson for the "Big Four" foreign ministers meeting in Paris.

Those talks opening Monday with Russia, Britain and France, involve the future of all zones of Germany. They may determine whether McCloy's responsibilities in Germany, as well as the duties of his British and French colleagues, will in the long run be concerned only with western Germany or whether the nation can be unified under four-power control and the projected German high commission expanded to include a Soviet member as well.

Neither Lillenthal nor Admiral Strauss would make any comment to newsmen.

McCloy said that one-seventh of an ounce of enriched uranium oxide, known as U-235, is missing, but that the other six-sevenths originally reported missing has been recovered.

The mystery of the missing U-235 belatedly broke into the open Tuesday night when the Federal Bureau of Investigation disclosed that it had investigated the case.

McCloy said that one-seventh of an ounce of enriched uranium oxide, known as U-235, is missing, but that the other six-sevenths originally reported missing has been recovered.

The American, British and French charge d'affaires were not in the diplomatic gallery to hear Franco's 15,000-word speech in which he said Spain is linked to Latin America by sentiment and to North America by "realities."

Francisco also spoke out against criticism of his domestic policies. He upheld Spanish law and said the country's jails held no more prisoners now than at previous times in Spanish history.

Francisco declared there is no Spanish problem and "our right is over and above an assembly which with no authority over us tries to resolve our situation."

## Says Missing U235 Could Not Be Used To Make A-Bombs

Washington, May 18—(AP)—Senator McMahon (D-Conn.) said tonight that a tiny portion of uranium-235 missing from the Argonne atomic laboratory in Chicago would be of "no value for use in an atomic weapon."

McMahon also declared in a statement: "The FBI has indicated that in its opinion no espionage is involved in this case."

McMahon is chairman of the joint Congressional Committee on atomic energy.

The Connecticut Senator issued his statement after a three-hour closed-door session with Chairman David E. Lillenthal of the Atomic Energy Commission and Admiral Lewis Strauss, a commission member.

Neither Lillenthal nor Admiral Strauss would make any comment to newsmen.

McCloy said that one-seventh of an ounce of enriched uranium oxide, known as U-235, is missing, but that the other six-sevenths originally reported missing has been recovered.

The mystery of the missing U-235 belatedly broke into the open Tuesday night when the Federal Bureau of Investigation disclosed that it had investigated the case.

## Russians Place Restrictions On Motor Traffic To Berlin

### Chinese Communists Tighten Grip On Shanghai From All Sides

Shanghai, May 18—(AP)—Chinese communist troops today tightened their throttling grip on Shanghai, nationalist island in a sea of reds.

They closed in from the east with surprising speed. They carried almost to the Whangpoo river north of Shanghai. If they reach the river there, Shanghai's gateway to the sea is gone.

They pressed from the west once more against Woosung, fortress 10 miles north of Shanghai where the Whangpoo joins the Yangtze.

Government gunboats in the Yangtze dueling with Red troops moving down the south bank only two miles west of Woosung.

Other Red units were on the move again toward Lughwa airport, five miles south of Shanghai. A nationalist garrison commune said the Reds were about five miles from Lughwa. If Lungwa goes Shanghai's air link with the outside is cut.

The drama of Shanghai overshadowed for the moment the deep communist drive into South China.

The government's central news agency, however, reported that nationalist reinforcements (probably from Formosa) had landed at imperiled Foochow. This big south-east port is 375 air miles south of Shanghai.

The agency had reported a red column but 31 miles from that capital of Fukien province.

(The Red thrust toward Canton, the refugee capital in South China, seemed to have slowed. The communists were believed pausing to regroup. There was little opposition in front of them.)

(Best military information in Canton was that the main body of communists still was about 350 miles northeast of the city. Advance units have been reported only 225 miles from Canton, however.)

In the Shanghai fighting, Central News said fresh nationalist troops had landed on the coast east of Shanghai. Here they were preparing to assault the communists east of Shanghai from the rear.

Despite the mounting menace to Whangpoo traffic, a U. S. navy landing craft went to Shanghai and took off 16 Americans to the safety of American ships waiting on the Yangtze.

Cedar Rapids, Ia., May 18—(AP)—A private detective told the jury in the murder trial of Dr. Robert C. Rutledge, Jr. today that he tried in vain to get Byron C. Hattman to leave the doctor's wife alone.

Rutledge is charged with fatally knifing Hattman during a Cedar Rapids hotel room fight Dec. 14. His wife, Sydney, 23, has testified Hattman "seduced" her while she was ill from double whiskeys she claims he tricked her into drinking.

John Wilkerson, co-owner of the Allied Detective of St. Louis, said Dr. Rutledge asked his help about a month after the July 31, 1948 occasion when Hattman allegedly dishonored Mrs. Rutledge.

"Dr. Rutledge came to my office about the last week in August and said his wife worked for Emerson (the Emerson Electric company of St. Louis where Hattman, 29, was an engineer)," Wilkerson testified.

"He said his wife had had an affair with Hattman. He said the two of them had gone sailing and then Hattman took her drinking and took her home and sexually knew her by force."

Wilkerson, whose testimony brought strenuous but futile objections from the state, said the doctor told him he wanted to make Hattman stop trying to see Mrs. Rutledge.

"The entire country has been shocked within the last year by the commission of capital crimes by juveniles who admitted that the reading of these blood and thunder comic books in a great measure influenced them in the commission of criminal acts," the commission said.

The statements were made in the commission's report to be submitted to the Senate tomorrow.

Chicago, May 18—(AP)—Maurice Scott, 43, a negro, was convicted today of raping a white woman while holding her captive for three days.

Judge Joseph A. Graber heard the case in criminal court without a jury and sentenced Scott to 15 years in prison on a rape charge.

Mrs. Helen Trepac, 28, a widow, testified Scott raped her in May, 1948 when she went to his apartment to discuss payment of a \$28 bill she owed Scott for furniture storage.

The apartment was over Scott's furniture warehouse on the south side.

Mrs. Trepac said Scott raped her several times and forced her to leave the place. She escaped, she said, when he left to attend to business.

Smith admitted being intimate with Mrs. Trepac but said she submitted to his advances without protest. He denied keeping her in the apartment against her will.

At present the U. S. Bureau of Mines has power only to inform mine management of hazards and to recommend correction. It cannot order work in the mine stopped.

J. J. Forbes, chief of the bureau's health and safety division, testified that from 1941, when federal coal mine inspecting began, until March 25, 1947, when the Centennial mine disaster occurred in Illinois, only 25 percent of the bureau's safety recommendations were complied with.

Under the act persons may sue for injuries received as a result of the sale of liquor. The law provides that both sellers of liquor and owners of property where the liquor is sold may be sued.

The suit was filed in circuit court by Miss Faye M. Kysar. Identified by her lawyer, Justus Chancellor, as a steel broker.

Named defendants are Irving A. Ruder, president of the Gary Steel Supply company; his secretary, Miss Frances Hamilton, and the Congress Hotel.

Miss Kysar claims the bottle inflicted a three-inch gash. She states Miss Hamilton threw the bottle while intoxicated from liquor supplied by Ruder and the hotel.

## RURAL LIFE SUNDAY

"Rural Life Sunday" is to be observed throughout the nation May 22. All churches are asked to recognize 4-H members and Rural Youth, and to encourage them to attend church and to participate in the church program.

4-H Club Sunday, or Rural Life Sunday, is observed by church organizations throughout the nation to emphasize the meaning of Christianity in rural life. It occurs the fifth Sunday after Easter and is closely linked with Rogation Days, celebrated for centuries in the Christian church during the three days preceding Ascension Day. Originally, they had several emphasis, but gradually that of prayer for God's blessing upon the fruits of the earth predominated. Rogation Days were first observed by St. Mamertus, Bishop of Vienne, in Gaul, sometime prior to A. D. 475. In A. D. 511 they were ordered observed throughout France; and in A. D. 747 were established in England by church action. Alfred the Great held them in deep reverence and included them among the most important of holy days. They were established in Rome by Leo III about the end of the eighth century.

The idea is of far more ancient origin, however. In the earliest days of Egypt, the ceremony of blessing the land and the seed at the time of planting was widely observed. Hardly an ancient people but sought the favor of the gods at that time.

When therefore, 4-H members, assemble to worship God on 4-H Club Sunday, they join a long succession which comes out of the dim past history. They join with those of many generations in seeking the blessing of God upon the land, the seed, the cultivation of the earth, and the enrichment of home and community life.

It should be noted also that 4-H Club Sunday is an outgrowth of Rural Life Sunday, which was first observed in 1929 at the suggestion of the International Association of Agricultural Missions, and soon adopted by the Home Missions Council of North America, by the Federal Council of the Churches of Christ in America, and by numerous other religious bodies.

## Literberry Aid Conducts Annual Mothers Meeting

The ladies of the Clio Aid society of the Literberry Christian church held their annual mothers meeting recently at the church. Mrs. Earl Myers, president, presided.

Corsages were presented to Mrs. Nora Maul, oldest mother present. Mrs. Ed Houston, mother having the largest number of living children; Mrs. Francis Tucker, youngest mother; and Mrs. Sally Crum, the oldest lady.

Gifts were given to Mrs. Lou Lacey, mother of the largest number of children, and Mrs. Orville

Crum, who had the largest number of sons, four, serving in World War II. Two of her sons are still in the armed forces. Contest prizes were won by Mrs. Anna Mae Rosh who carried the largest number of articles in her purse, and Mrs. Sally Crum, who carried the test.

Devotions were led by Mrs. Nate Nelson. Lora Petefish had charge of the program during which the "Prayer" was selected by the mothers as their favorite scripture. Miss Charlotte Sieber presented two vocal numbers and Mrs. Orville Crum, two piano solos.

In attendance were 30 members and the following guests: Mrs. Paul Johnson, Mrs. Arthur Johnson, Mrs. Mable Lindsey, Mrs. Harold Strick and son, Mark, Mrs. Leo Barber, Mrs. Oral Johnson, Mrs. Francis Tucker, Mildred Tucker, Mrs. John Decker, Mrs. J. W. Litter, Mrs. Kircher, Mrs. Ed Houston, Mrs. Lou Lacey, Miss Charlotte Sieber, Larry and Cheryl Elias and Joan Petefish.

## Card of Thanks

I wish to thank Dr. Lentz, the Sisters of Our Saviour's hospital, nurses, nurse's aides, neighbors and friends for all of their acts of kindness, flowers and cards, during my recent stay at the hospital.  
Mrs. Ollie M. Hill.

### Jaundice Ailment Caused By Faulty Bile Elimination

By Edwin P. Jordan, M.D.  
Written for NEA Service

When the bile is not eliminated normally, the pigment contained in it is carried in the blood stream to all parts of the body and produces a typical yellowish color of the skin and mucous membranes, most conspicuous in the whites of the eyes. This is called jaundice.

Jaundice can be a complication of several different kinds of infectious diseases or the result of anything which blocks the outflow of bile, such as a gallstone lying in the passageway, or a clump of parasites.

Jaundice is often accompanied by an uncomfortable itching of the skin which nothing seems to relieve until the jaundice itself disappears or the cause has been removed.

The amount of bile pigments or coloring matter in the blood is not necessarily reflected exactly by the depth of yellow color in the skin. The only way to measure the bile pigments in the blood is to carry out certain accurate chemical tests of the blood serum.

When the jaundice is caused by obstruction of outflow from the gallbladder, surgery is usually necessary, at least if the condition has lasted for any length of time. Sometimes the obstructing gallstone or other substance can be removed and drainage restored. In other cases the entire gallbladder may have to be taken out or some other operation employed.

Jaundice can be produced also by certain poisons or infections. Some poisons, such as trinitrotoluene (T.N.T.) act on the liver so that bile pigments are not passed through and accumulate in the blood. In other cases, accumulation of bile coloring matter in the tissues is caused by increased destruction of red blood cells which are the original source of this pigment.

There are many other causes of jaundice, including a disease which was quite common among military personnel during World War II, called infectious hepatitis.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

## THE DOCTOR ANSWERS

By Edwin P. Jordan, M.D.

QUESTION: What causes the tongue to burn?

ANSWER: It is often difficult to find the cause. Rough or unclean teeth and dentures may produce irritation at the tip of the tongue. A low-grade infection can occur without redness but with soreness and burning of mouth surfaces. Smoking, food, or drink may irritate the tongue.

## MARRIED IN CHURCH RITES

MR. AND MRS. JAMES A. WALKER

## Miss Barbara Winham Weds James Walker

Ceremony Unites California Girl, Former Local Man

The serene atmosphere of St. Mark's Episcopal church in Glendale, Calif., provided a lovely setting for the marriage of Miss Barbara Winham and James Allen Walker, which was solemnized in a double-ring ceremony performed by the Rev. Clarence Parlour, before a large gathering of relatives and friends.

The bride is the daughter of Mr. and Mrs. William Pitt Winham of Glendale. Mr. Walker's parents are Mr. and Mrs. James Walker, 246 Woodland Place.

For the wedding occasion, the church was decorated with call lilies, stock and snapdragons, accented with shellpink garden flowers. Candelabra with lighted tapers were spaced at intervals down the white-carpeted aisles.

Gown of Ivory Satin  
The gown worn by the bride, who was given in marriage by her father, was of ivory satin, fashioned with a basque bodice, featuring a yoke of

The Pentagon has a gross floor area of more than six million feet—three times that of the Empire State Building.

The United States was the biggest buyer of the 108,395,000 pounds of tobacco which Turkey exported in 1948.

There were more than eight million of the University of Arizona and its volumes and pamphlets in the new connected with the land and library of Congress at the close of 1947.

## Boyle's Column

### 'An Onion And You'

By Hal Boyle

New York.—P.—Alexander Anagnos is a stubborn young grocery clerk who wants to write the nation's songs.

This is all right with Tin Pan Alley—so long as it doesn't have to snare any of the responsibility.

"Unlike most of America's 7,000,000 amateur songwriters, Alex doesn't rebuff easily. He's in the midst of a one-man guerrilla campaign against the entire music industry.

"On my days off I even carry a sandwich board along Broadway advertising my songs," he said.

Alex is the son of a Greek who came to this country 43 years ago and opened a grocery store in Greenwich Village. It is a friendly store. If a customer has mice in his home, the store will lend him a cat to catch them.

Dreamed Of Being A Song Writer  
Alex had always dreamed of being a songwriter. When he got out of the army after the war, he decided to give it a try.

He went to one Tin Pan Alley publisher and told him he had written a song about the "New Look."

"What do you want me to do about it?" said the crusty publisher.

Alex went to another publisher. He announced he had written a song about Bobo and Winthrop Rockefeller called "Cinderella Wears The Shoe."

"Oh, you did?" snapped the hard heart. "Well, keep it quiet."

It was then that Alex declared war. He formed his own song publishing company and his own record firm. The major opus he is pushing at present is called "An Onion And You." It is a tuneless little ditty about a housewife phoning her husband to bring home an onion.

"I got the idea from working in the grocery store," said Alex. "The one thing wives always forget to order is onions."

He hired a hand and a vocalist to record the song. Then he persuaded half a dozen neighborhood jukeboxes to put the record in their jukeboxes. He also employed a man named Frank, to carry a sandwich board plugging "An Onion And You" along Tin Pan Alley—just to let the regular publishers know what they were missing.

Advertising Budget Low  
"Recently the president of a vegetable society bought 50 sheet music copies of the song from Frank," said Alex.

Because his advertising budget is low, Alex had to think up an inexpensive way to alert the public.

"I get up at six a.m.," he said, "and put a box of chalk in my pocket. I go around and chalk up the sign, 'An Onion And You,' in the crowded business and shopping areas of the city. Sometimes I sell

a friend on the idea of helping me, but most of my friends can't quite figure me out."

The big trouble with his distribution system is that so far the only place people can buy his song is at his father's grocery store.

He has a tie-in deal with his dad. Customers who buy a 50-cent record get a big onion free. If they buy a pound of onions, they get a sheet music copy for nothing.

"The records aren't selling too badly," smiled Alex. "I've already sold almost 300, which covers about 25 percent of my investment."

Up to \$4.98 Cotton Frocks \$3.00. EMPORIUM.

## DR. W. D. STEVENSON

"In the next year," said Dr. Stevenson, "organized medicine faces its greatest test. The administration in Washington has given every indication of a major effort to push through its socialization scheme. It is for medical organizations to make clear to the American public what a catastrophe government political medicine would be. I believe that the public confidence in its physicians is such that the scheme will be overwhelmingly defeated."

Dr. Stevenson, who was educated at Loyola University, Baltimore, has been oculist-in-chief at St. Mary's Hospital, Quincy, since 1941. He served in World War I as a captain and chief of ophthalmology in AEP Base Hospital 54. He toured India in 1937-38 as visiting eye surgeon to many missions there. He is author of many articles and several books on eye diseases and is a member of numerous medical and specialty organizations. His son, Dr. Walter Stevenson, Jr., a veteran of World War II, is associated in practice with him.

Uncle Sam bought 49,493,000 pounds of Turkish tobacco in 1948, compared with an annual average of 20,689,000 pounds.

Bluffs—The Bluffs Parent-Teacher association meeting was held Thursday evening at the school house. Announcement was made of the national P.T.A. meeting to be held in St. Louis, May 16-19 and members were urged to attend.

During the business session with Mrs. Paul B. Smith president, pre-

## 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it. So can you.

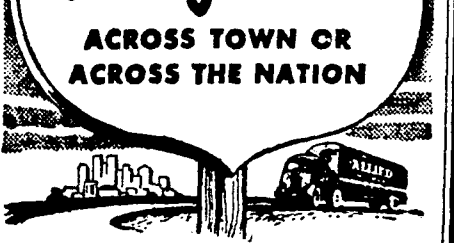

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Second week—one each night. Third week—one every other night. Then—nothing! Every day: drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

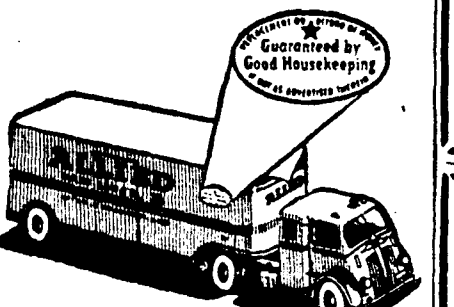

How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contain no habit-forming drugs. Break the laxative habit... with Carter's Pills... and be regular naturally.

When worry, overeating, overwork make you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 35¢ today. You'll be grateful the rest of your life.

Whether you're moving in town or to a distant city, we offer the finest in worry-free moving service. Our local storage and moving facilities are unexcelled. And—as representatives for Allied Van Lines—we can place at your disposal the know-how of the world's largest long-distance moving organization. ## Masterpiece of a Centenarian

Mrs. Adelaide Johnson, 100-year-old sculptor now living in Washington on a welfare grant, proudly stands before the statue she sculptured and donated to the Capitol in 1921 as a tribute to suffragettes. Mrs. Johnson spent most of her life and all of her resources in the cause of woman's suffrage. She worked closely with the suffragettes portrayed in her statue, Lucretia B. Mott (not shown); Elizabeth Cady Stanton, left, and Susan B. Anthony. The work, largest in the Capitol, took 20 years to complete and another 20 years to have it placed in the Capitol.

## MURRAYVILLE

Murrayville — Miss Margaret Lemon, who became seriously ill Sunday night, suffered a paralytic stroke Tuesday and was taken to Our Saviour's hospital for treatment. Her sisters, Mrs. Julia Shibe of Marshalltown, Ia., and Mrs. Gertrude Sancier of East St. Louis, were called here because of the illness.

Mr. and Mrs. Ed Coumbes, Mrs. G. E. Boserker and Mrs. Frank Loneragan visited Sunday with Mr. Boserker, who is a patient at the Missouri Pacific hospital in St. Louis.

Mr. and Mrs. A. L. McDevitt and Mrs. William Brown of Hettick were the Sunday dinner guests of Mr. and Mrs. J. L. Solomon and daughter, Thelma.

Mr. and Mrs. Walter Helenthal attended the Jacksonville rites held Tuesday afternoon for Mrs. Howard Anders. Mrs. Frank McCurley of Woodson substituted at the telephone office for Mrs. Helenthal. W. O. Beadies and his daughter.

Mrs. Don Cowgill of Compton, Calif., spent Sunday with relatives in Raymond.

Mrs. S. F. Sooy and Miss Bess Haynes spent several days last week visiting their sister, Mrs. E. L. McPeak, and family in Terre Haute, Ind.

Mrs. Martha Cardwell and Mrs. Jessie Hawkins and daughter, Vivian, of Manchester were the Sunday visitors of Mr. and Mrs. Howard Cardwell and daughter, Shirley.

Mr. and Mrs. Joe Brogdon and children, Merle and Barbara Joe, of White Hall spent Monday evening with Mr. and Mrs. Wayne Brogdon.

## REAL ESTATE TRANSFER

# ISLAND OF ESCAPE

**THE STORY:** A violent death upsets the routine on Hardy's Island where he seeks to find a "New Eden." The victim, Lily Warren, was one of four women each of whom seek to become Hardy's wife. An incident in the progress, at which Hardy presides and Bea Cosgrove, who admits only to herself that she came to the island for vengeance and not to marry Hardy, is court reporter. The others do not know that the gun that killed Lily was one which was smuggled onto the island by Bea.

GEORGE opened his mouth. Fred nudged him sharply. "Let him handle it, George. Shut up."

Harding decided to be appeased. "We'll start with you, Mr. Sillwell."

Fred licked his lips. "All right. As near as I can remember, George, Nona and I were left at the table when Miss Firth, Miss Cosgrove and Mrs. Jones went out to begin their day's work. We sat around the table for a while, wishing we had some cigarettes. Then Nona offered to clean up the out-house we live in, so we went there. George and I watched her work, and when we came back Nona went to the garden to join Miss Firth. George and I sat around the main room. Miss Cosgrove came down from upstairs, went into the kitchen. She poked her head through the doorway a few minutes later and asked if we wanted coffee. We didn't. Then you came in from outside and went to the tower room to change the dressing on Miss Stark's leg. George and I sat on the veranda a while and then I went to the shack to take a nap. I was still asleep when George woke me up with the news."

Henry Harding smiled. "Thank you for a very clear report. Now Mrs. Jones."

Miss Cosgrove heard the soft sound of Fred's exhalation. She

saw him relax, knew the others too were no longer in doubt as to the course they should follow.

"I went right out to the sheepfold," Mabel said. "I took them up to North Knob and stayed with them until Miss Firth came to tell me what happened. I brought the sheep back with me and penned them up again."

Fred started the ball rolling. "I saw her on the hill when I went to take my nap."

"I saw her too," Nona followed. "George was with me. We spoke about how her orange dress stood out so clearly."

"You saw her at intervals during the specified time? She was on the Knob whenever you looked that way?"

"That's right," Sillwell elected himself spokesman.

"GOOD," Harding said. "Now Miss Cosgrove. Did you go at once to the storeroom after you left the table?"

"No," she admitted. "I went upstairs first to straighten up the rooms. I knew Mrs. Warren wouldn't feel like it."

Harding frowned. "How long did it take?"

"I don't know. Mr. Sillwell and Mr. Bascombe were in the main room. They told you about my asking them if they wanted coffee. After that I went down to the storeroom and brought up what I thought we'd need. Miss Firth came from the garden and she and I had some coffee. Then we both went back to our work and I saw Miss McGuire join Miss Firth."

Bea paused and looked at the two green-clad women sitting side by side. They both nodded their heads in confirmation. "After that I made two more trips to the kitchen. I was working in the storeroom when you came, as you know."

"Very good. Very clear," Harding said. "You corroborate, Miss Firth."

Agnes put a hand to her throat.

Those present were: Mr. and Mrs. Orlia Thomas and son, Larry, Mr.

## Scott Public Aid Officer Discusses Help To The Blind

Winchester—Charles Shipley of the Scott county public assistance office was principal speaker at a meeting of Group No. 24 of the Scott County Research Forum held at the home of Mr. and Mrs. Robert Slayton Monday evening. Assisting the hostess was Mrs. Paul Pressler.

Mr. Shipley read a paper on "Blind Assistance" stating that little is said or thought about the blind in our own community because we so seldom see a blind person, there being only eight or nine in Scott county. Many of the blind in the United States are younger people, he explained, who very capably make their own way asking for nothing while there are some, especially elderly people, who have no funds and no means of making a living. In the past, those who needed assistance were cared for by the county and state, but in 1944 the blind was merged with the Public Aid Commission and code of rules including a definition of blindness was set up. In general, a person is considered blind whose vision is not more than 20/70.

Although the blind do not receive pensions, their assistance is similar to that of the old age pensions, except that there is no provision for burial and the state has no claim against their property.

In Illinois there were 4500 persons receiving blind assistance this last year with an average monthly payment of \$46.64.

**Mother-Daughter Banquet**

The W.S.C.S. of the Winchester Methodist church held a Mother and Daughter banquet at the church Monday evening. Mrs. Ed Wild served as toastmistress and the following program was given: welcome, Mrs. Jeanne Ann Herring; response, Mrs. Paul Lehman; group singing led by Norma Jean Smith; candle lighting service, Emma Lou Burbank, Wanda Barnard, Marilyn Northrup, Doris Gregory, Bonnie Blair, Judy Evans, Beverly Funk; message of candles, Mrs. Sidney A. Guthrie; solo, Norma Smith accompanied by Gary Stupart; prayer, Mrs. Ralph Jasper.

The food was prepared by the ladies of the W.S.C.S., with Mrs. Pearl Ryan and Mrs. Otto Henry in charge of the kitchen, and served by the young men of the Methodist Youth Fellowship.

The general committee in charge of the banquet was Mrs. Russell Hornbeck, Mrs. William Wilsey, and Mrs. Ralph Jasper.

## MASONIC LODGES WILL FETE W. W. MULLEN

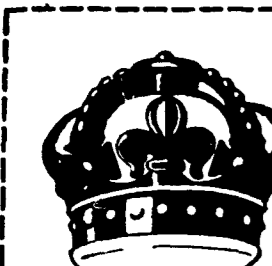

Chandlerville—Members of Chandlerville A. F. and A. M. Masonic lodges will hold a banquet Friday at the Christian church. W. W. Mullen, who has reached his fiftieth year as a master mason, will be guest of honor.

Benjamin E. Patton, right worshipful deputy grand master of Springfield, will give the address of the evening. Many other prominent Masons are also expected.

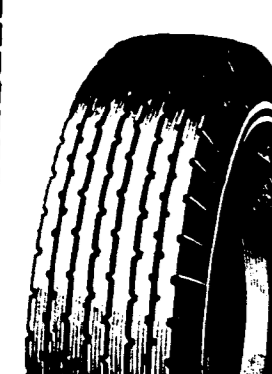

The banquet will be served by the ladies of the Dorcas society of the church.

## Charter Presented To Virginia Jay-Cees

The Junior Chamber of Commerce Higgins of Virginia, which was organized through the efforts of the Jacksonville Jay-Cees, was formally presented with its charter at a banquet held Tuesday evening at the Legion home in Virginia.

Approximately 80 persons were present, including a large number of Jay-Cees from Jacksonville. Special guests included Bernard Buford of Peoria, state Jay-Cee president, Woody Kinsey, state secretary, Willard Ranson, president of the Jacksonville Jay-Cees, and Mayor Robert Hierman of Virginia.

Watson Sinclair of Virginia acted as toastmaster of the evening. Invocation was offered by Rev. H. P. Dortake.

### President Receives Charter

The highlight of the evening was the presentation of the charter to the president of the new organization, James Frisch, by the state president, Mr. Buford.

In his address, Mr. Buford outlined the purposes of the Jay-Cees and stressed the development possibilities offered young men of the community through Jay-Cee membership.

Mayor Hierman spoke briefly concerning the relationship between the Jay-Cees and the community and pledged his active support to any projects which the group might undertake.

The founder's plaque, which is given to Jay-Cee organizations which foster the formation of a new group, was presented by Mr. Kinsey to Willard Ranson.

Vocal selections were sung by the Virginia quartet, composed of John Schaffer, Bill Yapple, George McDonald and Lee Tanner.

The delegation from Jacksonville included Mr. and Mrs. Willard Ranson, Harlan Williamson, Maurice Sims and James Coultas, members of the extension committee; Mrs. James Coultas, Mr. and Mrs. Jerry Flynn, Mr. and Mrs. Howard Davenport, Mr. and Mrs. Bill Fanning, Ralph Withee, Dr. Henry Dollear, Robert Spink, Edward Cline, Bob Jameson, John Henderson, Bob Malony, Jim Ogle, Pat McHattin, Bill Alexander and Bob Caldwell.

## Iona Waterfield, Elliott Garner Wed In Virginia

Chandlerville—Vows of marriage were exchanged by Iona Waterfield, daughter of Mrs. Rosetta Pherigo of Chandlerville, and Elliott Garner, son of Mr. and Mrs. Vern Garner, also of Chandlerville, Sunday afternoon at four o'clock in a single-ring ceremony performed by the Rev. Henry F. Higgins in the Methodist parsonage at Virginia.

The attendants were Mr. and Mrs. Charles Logan of Virginia, brother-in-law and sister of the bridegroom. A gray suit with black accessories was worn by the bride. Her corsage was of red roses. Mrs. Logan also wore a gray suit with black accessories, complemented with a gardenia corsage.

The couple left on a short wedding trip. Upon returning, they will reside on a farm near Chandlerville.

### Social Events

#### Girl Scouts Give Party For Mothers

Mothers of members of Girl Scout Troop 31 were entertained at a mother's party Tuesday evening at the home of Mrs. Ford Jackson on Mound road.

Each mother received a wishing well made by her daughter. Games were played during the evening and refreshments were served.

#### Lutheran Women Meet Tuesday Night

The women of Faith Lutheran church held their May meeting Tuesday evening at the home of Mrs. Gus Kilver at Pisgah. Fifteen members were present.

Mrs. John Thompson was the leader. The topic was "Years of Our Thankfulness." A report on the convention of the Lutheran Missionary society of the Illinois senate was given by the president, Mrs. Kenneth Meyers.

During the social period, refreshments were served by the hostess, assisted by her daughter, Zoe.

As advertised in "The Post"

## Mr. Mayor, I Want To Go To Camp!

Danny Ward, 10-year-old Washington school pupil, went to the City hall Tuesday and made his first sale, four bars of toilet soap, in the current Y.M.C.A. project to help local boys and girls earn money necessary for a week of camping.

Mayor Ernest L. Houglund was Danny's first customer.

Danny is the son of Mr. and Mrs. Bernard Woodward, 636 South Kosciusko street.

Jacksonville boys may attend either of two Y.M.C.A. camps: Plasa

at Marquette State park near Graf-

ton and at Seymour on a private Swift meat and provision depart-

ment southeast of Decatur. They may attend the former from June 8 to

July 2 at a charge of \$14 a week; the latter costs \$25 for 10 days, July 24-

Aug. 3.

Arrangements have been made with the Y.W.C.A. of Alton for Jack-

sonville girls to attend Camp Talahi near Alton. The fee is \$14 per week.

Any boy or girl, eight to 15 years old, who wishes to go to camp is

eligible to participate in this soap selling project. Through the interest

before attendance.

swing, and collections will continue to be heavy throughout this month.

A total of \$45,000 was collected on one day last week, the largest day of tax collection thus far.

Under the law the first installment on real estate and the full amount on personal taxes becomes

delinquent on June 1. The second installment on real estate becomes

delinquent Sept. 1.

Taxpayers probably have a shorter wait by visiting the sheriff's office

early in the morning, as the number grows steadily throughout the day. The entire staff of the sheriff's office is assisting with the collection of taxes.

**COMPANY CHANGES NAME**

The Waverly Oil and Gas Co. has been authorized by the secretary of

state to change its name to the

Murwood Oil and Gas Co.

The firm, which was incorporated in April, plans to sink several wells

in the Waverly area.

### Births

Mr. and Mrs. Graydon Steelman of Alsey are parents of a daughter born Tuesday at 10:07 a.m. at Our Saviour's hospital.

A daughter weighing six pounds, ten ounces was born Tuesday at 6:45 p.m. at Passavant hospital to Mr. and Mrs. Allen Stinebaker, rural route three, Winchester.

Mr. and Mrs. Robert E. Lewis, 210 East Morton avenue, are parents of a daughter born Wednesday at 12:30 p.m. at Our Saviour's hospital.

### BURIAL THURSDAY

J. LEE WOLKE

Funeral services for J. Lee Wolke, 59, retired Jacksonville builder and contractor, will be held Thursday afternoon at 2:30 o'clock at the Gilliam Funeral Home, with the Rev. Lewis N. Raymond officiating. Burial will be made in Diamond Grove cemetery.

The remains will be at the family residence, 901 West Chambers street, until one hour before the funeral.

Mr. Wolke was carpenter at the Illinois School for the Deaf from 1935 until ill health forced him to retire three years ago. He was a member of Union Local 904.

For a number of years Mr. Wolke was associated with his father, the late John Wolke, and brothers in contracting and building.

Some of the larger buildings constructed by them are Routt college, David Prince Junior High school, Ehnie building, Emporium and some of the veterans units at the Jacksonville State hospital, and churches at Murrayville, Franklin and other towns. In addition to these, Mr. Wolke helped to build many residences in this city.

Mr. Wolke was always interested in flying and building aircraft and building boats. He was active in promotion of water sports and was commodore of the Jacksonville Boat club.

### White Hall Unit Names Committee For Coming Drive

White Hall—A special committee to attend the meeting at Carrollton at which plans for the forthcoming membership drive will be made was appointed at the meeting of the White Hall Night unit, held with Mrs. Charles Downey, Mrs. Downey, the vice-chairman, will attend the meeting along with the vice-chairman and members from other units.

Thirty members, including two new members, Mrs. F. A. Roe and Mrs. W. M. Brown, were present. Guests were Mesdames Demonbrun, Mary Stetson, Hazel Gray, Finice Main, James Martin, Elmer Kemmery, Charles Harp, William Downey and Wulfray and Miss Betty Spangenberg.

Mrs. Gussie Prazie presided over the business session, during which a donation was voted for the cancer drive. The major lesson, "Clothing Construction," was given by Mrs. Clarice Harp and Mrs. LaVerne Coats. Mrs. Helen Anderson gave the minor lesson on "Business Signatures for Women."

Refreshments were served, with Mrs. Harold Blake and Mrs. Harry Price as assistant hostesses.

The next meeting will be a potluck supper at the First Baptist church on June 20, with husbands of members as guests.

### Henry C. Stewart, Lifelong Morgan Resident, Dies

Henry C. Stewart, a lifelong resident of Morgan county, passed away Wednesday at 1 a. m. at Our Saviour's hospital, where he had been a patient for the past week.

Mr. Stewart was born near Prentice on March 3, 1859, the fourth son of William J. and Mary McIntyre Stewart. His marriage to Fanny Lynn Davis took place at Chillicothe, Mo., on March 1, 1885. She died in 1933.

Mr. Stewart resided on a farm east of Jacksonville until his retirement from active farming. Since that time, he had made his home at 1640 South Main street.

Mr. Stewart was faithful in his attendance at church until his hearing failed. He was regarded as a kindly neighbor and had many friends.

Surviving are his adopted daughter, Mrs. Georgia L. Greenleaf, who has cared for him the past five years; a brother, Leander J. Stewart of Alexander, the only surviving member of a family of 11 brothers and sisters; and a number of nieces and nephews.

The body is at the Reynolds Mortuary, where funeral services will be held Thursday at 3 p. m. Entombment will be in the mausoleum at Diamond Grove cemetery.

Total income of U. S. Life Insurance companies in 1947 was more than nine billion dollars.

U. S. Life insurance companies held assets totalling more than \$1 million dollars at the end of 1947.

### Hiphup Closeup

Circus star Johann K. Petursson of Iceland, the world's tallest man (eight-foot-eight-inches), was a problem patient when he reported to the Massachusetts Eye and Ear Infirmary in Boston with an ear ache. But nurse Genevieve Posen makes a close-up examination by scaling table.

### JUNE WEDDING

MISS ROBERTA WINSTEAD

Mr. and Mrs. Jack Winstead, 950 North Main street, have announced the engagement and approaching marriage of their daughter, Miss Roberta Winstead, and George R. Taylor, son of Mr. and Mrs. George W. Taylor, 826 East Allen street, Springfield, Ill.

Plans are being made for a June wedding. Miss Winstead is a graduate of Jacksonville high school, and in 1948 received the degree of Bachelor of Arts at MacMurray College. She is now employed by the State of Illinois in the Division of Child Welfare at Champaign.

Mr. Taylor, a graduate of Springfield high school, served in the U. S. Air Force for three years. He is now employed by Dana Hudson, Inc., of Champaign. He expects to attend the University of Illinois.

#### MANY RELIEF AGENCIES QUIT POLAND

Warsaw, Poland. —(AP)—Numerous foreign relief agencies operating in Poland since 1946 are winding up their work. The government recently advised all such organizations that funds to aid their operations were now exhausted. After the United Nations Relief and Rehabilitation program in Poland ended in 1947 \$250,000 was set aside to help foreign relief agencies continuing work here to pay their administrative costs. The government also provided free railway transportation for relief shipments and free warehousing charges. In addition, a reduction of 50 percent was allowed on all gasoline used by the relief outfits.

The government said these privileges too, would have to cease as of May 1. Government officials, however, emphasized that all foreign agencies which wished to continue their aid programs after that date were welcome to do so on their own resources.

#### ADVERTISEMENT FOR BIDS

The Library Board of the Jacksonville Public Library will receive sealed bids for painting the reading and reference rooms on the main floor of the Library Building until 12 noon o'clock noon C.S.T. on the 13th day of June, 1949, at the office of the Librarian located in the Jacksonville Public Library at which time and place the bids will be publicly opened and read.

The Library Board reserves the right to reject any and all bids and to waive technicalities. A certified check or bank draft payable to the Library Board or a satisfactory bid bond executed by the bidder and a surety company in an amount equal to 10% of the bid shall be submitted with each bid.

No bid shall be withdrawn after the opening of the bids without the consent of the Library Board for a period of thirty (30) days after the scheduled time of closing bids.

Dated this 10th day of May, 1949.

# Wildcat Baseballers Eliminate Crimson From District 10-3

The surprising Winchester Wildcats fooled everyone in general and the Jacksonville high school baseball team in particular when they knocked off the local club 10 to 3 in the finals of the Chapin district tournament.

The Lester-coached nine will meet Notre Dame of Quincy in a rubber game on the Chapin at 3 p.m. today. Notre Dame won the right to tangle with the Chapin district winner when they nipped their cross-town rivals, Quincy high school, 5 to 2 in the Mercedia sub-district final yesterday afternoon.

The Quincy Catholic school boys are recognized as top talent on the diamond in this vicinity. They own a record of 15 wins and 1 defeat. Mt. Sterling whipped them earlier in the season, but fell before the N.D. youngsters in the Mercedia tourney.

**Bunch Starts For JHS**

Bob Kraushaar, Crim's coach, saw everything go wrong at Chapin yesterday. He started "Butch" Bunch on the hill, but the big left hander, obviously tired after pitching a 7-inning contest earlier in the week, didn't have the stuff. He was touched for a brace of runs in the initial chapter and saw four more Winchester runners cross the plate in the second.

Gano replaced Bunch in the second inning and held Winchester scoreless for two frames. However, the Scott county nine broke loose for a pair of counters in the fourth and wound up its scoring efforts in the seventh inning by adding 2 more to total 10 markers.

The local batsmen teed off on Winchester hurler Hankins in the fourth inning and touched him for 3 runs before Pat O'Donnell was called on for a relief role to stop the Crimson rally.

Winchester hitters pounded out 11 safeties, while the local sluggers could account for only 4 bingles.

**The Box Score:**

	AB	R	H
Winchester	3	2	2
Andell, 3b	3	2	2

# Moose, Dealers Whip Out-Of-Town Teams At Park

Implement Dealer first baseman Angelo poled a home run over the right-centerfield fence with two of his mates aboard to give Clint Arenz a nine a 3-0 win over Mt. Sterling here last night in the nightcap contest.

The Dealers went hitless and scoreless until Angelo's pay-off punch in the last half of the sixth broke up the ball game. Bunch, H Brown county hurler, had the local lads talking to themselves at the plate. Angelo's homer was the solitary hit the Jacksonville team was able to collect.

Fanning, lf, 1; Dale Heaton, twirling for the Dealers, allowed only two Mt. Sterling batters to hit safely. He let one man count a single in the initial inning and another in the third. Neither hit did any great damage.

Moose pitchers, Young and Lynn, chucked a six-hit ball game to give their club a 12 to 5 victory over the Critic Feed team from Beardstown in the curtain-raiser.

Paul Fox, Moose centerfielder, lost the sphere in the second inning of the preliminary bout when he sailed one over the left-centerfield wall.

The Moose sluggers found the Beardstown twirler's offerings much to their liking. They pounded the Stony river chucker for a total of 13 hits in gaining their win.

Umpires—Hill and Taylor.

Brooklyn pitcher Ralph Branca helps his own cause by sacrificing Roy Campanella to second in 11-6 victory over Pittsburgh at Ebbets Field. The right-hander fanned nine on the way to his fifth straight win. Clyde McCullough is the Pirates' catcher.

# Brooklyn Gets 20 Hits, Wallops Chicago Cubs 14-5

Chicago, May 18.—(P)—Pounding three pitchers for 20 hits, the Brooklyn Dodgers overwhelmed the Chicago Cubs, 14-5, today to sweep the two-game series.

Roy Campanella and Duke Snider hit homers for the Dodgers, their sixth and seventh, respectively. Carl Furillo came out of a slump with a double and two singles. Everybody in the Dodger line-up made at least two hits including Campanella, who drove in two runs to take over the league's leadership with a total of 24.

Behind the barrage, Lefty Joe Hatten went all the way for his third victory against one loss. Gene Mauch and Clarence Maddern homered for the Cubs.

Brooklyn, 522 032 000—14 20 0  
Chicago, 000 031 100—5 10 3

Hatten and Campanella; Snider, Hammer (1), Lade (5) and A. Walker.

HRHS: Bkn—Snider, Campanella; Chi—Mauch, Maddern.

# ISD's Maurice Ellis Only Local Thinclad Entered In State Meet

Maurice Ellis, wiry ISD miler, leads cindermen from this vicinity into the 55th annual Illinois Interscholastic track and field meet at University of Illinois Memorial Stadium Friday and Saturday.

Ellis qualified for the state finals when he circled the mile track in 4:51.2 at the Macomb district meet last week, to win the event. He is the only Jacksonville boy who won the right to enter the state finals. Ellis has been under the tutelage of Art Yates, ISD track coach, for 3 years.

Three Illinois Valley conference athletes qualified for the state heats when they won their specialties at the Pana district. One other I.V. speedster, Dick Zimmerman of Pittsfield, topped first in the high hurdles at Macomb.

At the Pana district, Gale Staples of Carrollton and Ken Barnard of White Hall scaled 12 ft. 4 in. to tie for top honors in the pole vault, to win the right to compete with statewide competition. Dick Ridings, Carrollton husky, will represent his school at state in the shot put event.

William Rawlings, sophomore at Franklin high school, also qualified for state honors when he topped second place in the discus throw at the Pana district.

Ken Barnard, the White Hall vaulteer, will be no rookie at the state meet. A senior this year, Barnard traveled to Champaign as a freshman and junior in previous years.

Four 1948 individual champions will be trying to make it two state titles in a row at the U. of I. this year. Titlists Bob Drouh, LaGrange, discus; Jerry Kats, Peoria Woodruff, 120-yard high hurdles; Stacy Siders, Tri-City, 880 yard run; and Wayne Nast, Belleville, 440 yard run, are returning to defend crowns they won last year.

Preliminaries in the state meet will start at 1 p.m. (C.D.T.) Friday, with finals beginning at 9 a.m. Saturday. Tickets for the meet are now on sale at the Illinois Athletic Association ticket office, 102 Illinois Hall, Champaign.

Ken Barnard, the White Hall vaulteer, will be no rookie at the state meet. A senior this year, Barnard traveled to Champaign as a freshman and junior in previous years.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 18.—(P)—Heavier weight steers were the only class of livestock to display any weakness today. Hogs were up 25 to 50 cents, cattle were steady to 25 cents higher, and sheep fully steady.

Barrows and gilts grading good and choice sold from \$17.50 to \$19.35 and a top of \$19.50. This was the highest level reached since a month ago today. Sows brought \$14.00 to \$16.75 and a top of \$17.00. All supplies were cleared early.

Choice steers sold at \$28.00 and below and good to low-choice kinds were worth \$24.25 to \$26.00. Heifers offered at \$26.75, good to low-choice offerings fetching \$24.50 to \$26.00. Cows topped at \$21.50, bulls at \$22.50, and vealers at \$27.50.

Best shorn lambs made \$29.50 with the general range descending from there to \$28.00. Springers topped at \$31.00 and ewes sold downward from \$13.50.

Receipts for sale were estimated at 7,000 hogs, 9,500 cattle, 500 calves, and 1,500 sheep.

## New York Stock Market

New York, May 18.—(P)—Stock trading developed today into a tight battle between losing and gaining issues for dominance.

Stocks on the downside appeared to have slightly the better of the tussle, however, as minus signs appeared somewhat more frequently over the list.

Dealings were slow and trading carried along at the rate of about 750,000 shares for the full session, somewhat under yesterday's 780,000.

The market took a clear-cut downward dip at one time, but many issues pulled over to the plus side or moved up from the day's lows around mid-day. This flurry of improved activity came after a congressman said in Washington that some House members are battling to shelve all labor legislation, possibly for the rest of the year.

U. S. Steel (old) spent most of the morning in minus territory, but later established a modest gain.

Magma Copper lost more than a point for a new 1948 low after its directors earlier in the day decided that no dividend be declared for the second quarter.

Fractionally behind were Woolworth, Public Service Electric & Gas, Allied Chem, RCA, Gulf Oil and Loew's.

Gainers included American Telephone, Great Northern preferred, Chesapeake & Ohio, and J. I. Case.

## East St. Louis Livestock

National Stockyards, Ill., May 18.—(P)—Hogs, 7500; fairly active, mostly 25 cents higher than Tuesday's average; good to choice 180-200 lbs. 19.25-50; top 19.50 but more at 19.25; bulk 200-270 lbs. 18.75-19.25; few 270-300 lbs. 18.25-75; 140-170 lbs. 18.00-19.00; few at 19.25; 100-130 lb. pigs scarce; few 100-130 lbs. 15.50-17.75; mostly 16.00 up; good sows 400 lbs. down 16.25-17.25; over 400 lbs. 14.25-15.75; stags 11.50-14.00.

Cattle, 1800; calves, 1100; early sales on medium and good steers 22.50-24.75; some high good to low choice yearling steers 25.50; good heifers and mixed yearlings largely 24.50-25.50; choice 769-lb. heifers 25.75; small lots mixed yearlings 26.00; common and medium 20.00-23.50; general market unevenly strong to slightly higher on butchered yearlings and steers; cows opening fully steady but higher asking prices delaying trade; good cows 19.50-20.00; common and medium beef cows mostly 18.00-19.00; canners and cutters 14.00-17.50; bulls steady; medium and good 25.00-29.00; common and medium 20.00-24.00.

Sheep, 1200; market opening steady on old crotch lambs; load medium grade Texas shorn lambs No. 2 skins 23.75; active, shorn head good on spring lambs; about 20 head good and choice 30.00-33.00; top 33.00; slaughter ewes unchanged; wool ewes 12.50 down; shorn ewes 11.50 down.

## Chicago Cash Grain

Chicago, May 18.—(P)—Cash wheat: No. 4 red tough 2.33; corn: No. 2 yellow 1.38-39; No. 3, 1.34-37; No. 5, 1.28; sample grade 1.18. Oats: No. 1 heavy mixed 70-74; No. 1 heavy white 72; No. 3 heavy white 70.

# Paris, Ill. Coach Told: Quit Today Or Be Fired

Paris, Ill., May 18.—(P)—Ernie Evland, Paris high school basketball coach, has until 4 p.m. (C.D.T.) today to resign or be fired "for the best interests of the school."

He was given those alternatives yesterday after the school board had approved the action by a three to one vote Monday night.

Evland, widely known as a coach and for his intermittent disputes with school authorities said he had no intention of resigning. Instead, he said he would "sit tight—that's all I can do."

The board's action followed a recommendation by School Superintendent Eugene L. Johnson and Principal Charles L. Smith that Evland be fired. Johnson was reported to have told the board that he "can't work with him and can't get along with him."

Evland's dismissal was requested of the board once before. Shortly after his team won the state high school basketball championship in 1947, John R. Moss, then superintendent, asked that the coach be fired. Moss, who later resigned, accused Evland of "insubordination and making disparaging remarks about Otto C. Ariens," then high school principal. The board refused to follow Moss' recommendation.

# Big 9 To Act On Spartans' Bid This Weekend

Evanston, Ill., May 18.—(P)—The Big Nine is scheduled to become the Big Ten once more when the conference acts finally on Michigan State College's membership bid this weekend.

Formal admittance of the East Lansing, Mich., institution is the ranking item of business at the league's annual spring meeting. The session will be held in connection with the conference outdoor track meet Friday and Saturday.

The confab of faculty representatives, athletic directors and coaches will open tomorrow, but action on the Michigan State entry is not expected until Friday.

Unless there is an unexpected hitch, the faculty representatives will approve formally a report by a special three-member investigating committee which explored Michigan State athletic policies last April.

# Phillies Edge Cardinals 3-2

St. Louis, May 18.—(P)—A double by Granville Hammer and a single by Eddie Waitkus off relief pitcher Ted Wilks broke a 2-2 tie in the eighth inning and gave the Philadelphia Phils a 3-2 triumph over the St. Louis Cardinals today.

Starter Harry Brechen allowed just three hits in his seven innings on the mound, then went out for a pinchhitter in the bottom half of the seventh.

A single, a walk and Chuck Diering's two run double in the seventh represented the only trouble Phillie pitcher Curt Simmons had in the game.

Philadelphia 100 100 010—3 5 1  
St. Louis 000 000 200—2 7 1

Simmons and Seminick; Brechen, Wilks (4) and Rice, Gargola (8). LP—Wilks.

# Softball Tonight

"B" League:  
Nesco vs. Red and White (7:30 p.m.)  
"A" League:  
Myers Bros. vs. Implement Dealers (8:45 p.m.)  
Listen to Barney Lewis' 5:30 p.m. Sportsreel over WLDS each weekday for the last word on the ball games.

# Day And Ford, JHS Netmen, To State Meet

Charles Ford and Allen Day, Jacksonville high school racquetballers, will defend their doubles crown against Day and Ford, plus a field of 40 other title aspirants.

The games will be played on schedule, but there'll be no conference bumping to urge either team to victory. Illinois hasn't shown consistency to defend its 1948 Big Nine championship and the Buckeyes, early favorites for the 1949 crown, are cellar occupants at the moment with one victory in six starts.

Nevertheless, Illini-Buckeye rivalry in any sport is such that a probable sellout crowd of Interscholastic week visitors will see the toughest kind of competition.

Friday's tilt which will match southpaw slants of Junior Tangman with the strong right arm of Ohio's Pete Perini will be 59th between the two teams since rivalry began in 1904. Currently Illinois holds a 36-21 victory edge with one game having ended in a tie.

New York, May 18.—(P)—The United Nations assembly late today slapped down a Polish move to bring up the case of Gerhart Eisler, fugitive communist.

The Eisler question was raised by Polish Delegate Juliusz Katz-Suchy as one of the weary delegates were ready to end their stormy six-weeks spring session.

The assembly finally adjourned at 4:19 p.m. (CST). The session began April 5.

Assembly President Herbert V. Ewart of Australia ruled the Polish proposal was out of order. He said it was physically impossible to delay adjournment plans and take up a new question.

They bickered angrily through the late afternoon.

Ewart's ruling was challenged by Katz-Suchy, who ignored the pounding of the president's gavel. He launched into a discussion of alleged violations of human rights involved in the removal of Eisler from the Polish liner Atlantic. Eisler was taken off by British authorities at Southampton, England, last week.

# U.S. Faces Road Troubles

Washington.—We know how to design and produce good highways but we're careless about keeping them up, says Public Roads Commissioner Thomas H. MacDonald. The excessively heavy truck, he adds, is the major maintenance problem.

"We are overloading our highways in their traffic volume capacity and in their structural capacity," MacDonald said in an interview. "The only way to proper use of the highways is to limit axle and wheel loads."

"Axle loads in excess of 18,000 pounds should not be authorized," he said, "and any revision of laws governing gross weight of vehicles should relate that weight to the number of spacing of axles." The 18,000 axle-load limit generally has the support of state highway, motor vehicle manufacturer and user organizations, MacDonald said, and it has been written into the laws of a majority of the states. But he said that movements are under way in many states to ease the restrictions.

Today the volume of truck traffic is nearly three times as great as it was in 1930 and even more significant is the proportion of trucks that carry heavy loads," MacDonald continued.

The result, he said, has been a gradual increase in damage to pavements.

MacDonald said truck operators insist that highway damage is a technical matter, that engineers must find a remedy, but that "this is true only to the extent that the design of roads fails to provide for loadings within the legal limits."

# Red Sox Blast White Sox 7 To 4

Boston, May 18.—(P)—Boston's Red Sox landed on Marino (Chick) Pietretti for three runs in the opening inning today and used their heavy bats in good style to defeat Chicago 7-4 before 10,406 fans.

It was Boston's second decision in two days over the White Sox.

Gus Zernial, husky Chicago rookie outfielder, drove home all the losers' runs. He lined a three run homer into the screen in left field in the fifth and whacked a 400 foot double to center to send in the final White Sox score in the ninth.

Bob Doerr clouted a two-run homer in the first inning for the Bostonians and slugger Ted Williams followed suit in the third inning.

Then the home Sox picked up single tallies in the fourth and sixth to provide right-hander Ellis Hinton with his third victory of the season.

The loss was the first suffered by Pietretti, slight right hander who has won two games for Jack Owslow's hustling White Sox.

Chicago 000 030 001—4 11 0  
Boston 000 302 101 00x—7 10 0

Pietretti, Shoun (3), Surkont (6) and Wheeler; Kinder and Tebbetts. HRHS: Chi—Zernial; Bos—Doerr, Williams. LP—Pietretti.

# Warsaw Pushes Rebuilding

Warsaw, Poland.—(P)—Poland's capital, rising rapidly anew from wartime ruins, is pushing a big new building program this year calling for expenditures of \$62,500,000.

Warsaw's population now is over 610,000. The pre-war top was 1,299,000. Despite the acute housing shortage, Poles from all over the land who lived here before the war are continuing to flock back to this city. It is not uncommon to find four or five persons living in a single room.

In Warsaw today, everyone who is physically able to work seems to be working. Poles have a great pride in building their new Warsaw after the Nazis virtually leveled the city and said no Poles would ever live here again—that Warsaw was finished forever.

Polish engineers have estimated that it will be 1955 before the capital is completely rebuilt.

The Library of Congress is now the largest library in the world occupying two buildings providing 414 miles of bookshelves and covering almost 36 acres of floor space.

# U.S. Downs Polish Move To Have It Rule On Eisler

New York, May 18.—(P)—The United Nations assembly late today slapped down a Polish move to bring up the case of Gerhart Eisler, fugitive communist.

The Eisler question was raised by Polish Delegate Juliusz Katz-Suchy as one of the weary delegates were ready to end their stormy six-weeks spring session.

The assembly finally adjourned at 4:19 p.m. (CST). The session began April 5.

Assembly President Herbert V. Ewart of Australia ruled the Polish proposal was out of order. He said it was physically impossible to delay adjournment plans and take up a new question.

They bickered angrily through the late afternoon.

Ewart's ruling was challenged by Katz-Suchy, who ignored the pounding of the president's gavel. He launched into a discussion of alleged violations of human rights involved in the removal of Eisler from the Polish liner Atlantic. Eisler was taken off by British authorities at Southampton, England, last week.

# Yankees Shut Out Cleveland 6 To 0

New York, May 18.—(P)—The New York Yankees, behind the two-hit shutout pitching of Vic Raschi, handed the Cleveland Indians their fifth straight defeat today, 6-0, to dump the world champions into seventh place.

A crowd of 28,606 saw the Yankees club Bobby Feller for 12 of their 13 hits in the seven innings he worked to hang the season's third defeat upon the Cleveland ace right-hander.

Feller retired the first two men to face him, but fell behind quickly when Gene Woodling doubled and rode home ahead of Tommy Henrich's first home run of the game and sixth of the season.

The Yankees added three more in the sixth and Henrich's second homer in the seventh closed out the scoring.

Cleveland 000 000 000—0 2 1  
New York 200 003 10x—6 13 1

Feller, Papish (8) and Hegann; Raschi and Berra.  
HRHS: NY—Henrich (2). LP—Feller.

# Two Couples Die As Plane Crashes

Riverside, Calif., May 18.—(P)—Two couples were killed Saturday in the crash of a four-place private monoplane in Pachappa Hill, an exclusive Riverside residential district.

The victims were identified by deputy coroner Arvid Depew as: Donald Gregory, 26, and his wife, Elizabeth Ann Gregory, 23 of Los Angeles.

Robert Leonard Peeler, 29, and his wife, Eleanor, 31, of Compton, Calif.

The party was enroute to Phoenix, Ariz., from Compton, in adverse weather.

Witnesses said the plane suddenly went into a steep dive and crashed in the backyard of a home.

# ICC LETS CB&Q STOP 2 PASSENGER TRAINS

Springfield, Ill., May 18.—(P)—The Illinois Commerce Commission today authorized the Chicago, Burlington and Quincy railroad to discontinue operation of passenger trains Nos. 41 and 42 between Rockford and Rochelle.

However, the commission directed the railroad to provide substitute passenger, express, baggage and mail service daily except Sunday. The new mixed trains will be known as Nos. 91 and 92. The change is effective in 30 days.

# THREE GET LOAN WITH HELP OF PISTOLS

Lawrenceville, Ill., May 18.—(P)—Three men entered the Pioneer Finance company this afternoon and said they wanted to borrow \$500. Assistant Manager Elmer Prout told police.

The men then pulled out pistols, took \$500 from the safe and put Prout in a washroom.

Prout said he ran to a window after the men left but didn't see them or an automobile.

**ELECTED CHAIRMAN**

St. Louis, May 18.—(P)—David E. Lindstrom, Urbana, Ill., was elected chairman of the rural service committee of the National Congress of Parents and Teachers today by the board of managers. Lindstrom will serve for a three year term.

# Illini Nine Host To Ohio State In Two-Game Series

Champaign, Ill., May 18.—(P)—Pre-season forecasters envisioned a battle for the Western Conference baseball title on Illinois Field May 20-21 when Illinois and Ohio State clash in a two-game series.

The games will be played on schedule, but there'll be no conference bumping to urge either team to victory. Illinois hasn't shown consistency to defend its 1948 Big Nine championship and the Buckeyes, early favorites for the 1949 crown, are cellar occupants at the moment with one victory in six starts.

Nevertheless, Illini-Buckeye rivalry in any sport is such that a probable sellout crowd of Interscholastic week visitors will see the toughest kind of competition.

Friday's tilt which will match southpaw slants of Junior Tangman with the strong right arm of Ohio's Pete Perini will be 59th between the two teams since rivalry began in 1904. Currently Illinois holds a 36-21 victory edge with one game having ended in a tie.

# Pittsburgh Whips N. Y. Giants 5 To 3

Pittsburgh, May 18.—(P)—The Pittsburgh Pirates, who dropped all three games at the Polo Grounds last week, looked like a different ball club today in defeating the New York Giants, 5-3. The triumph gave the Bucs a sweep of the two game series.

Bob Muncie, helped by home runs off the bats of Ed Stevens and Ed Bockman, gained his first National League victory. The veteran right-hander pitched seven innings, allowing seven of the Giants, eight hits. Hugh Casey finished up, giving up a harmless ninth inning single.

Larry Jansen went all the way for the Giants to absorb his third defeat. He has won three.

New York 100 101 000—3 8 2  
Pittsburgh 003 010 01x—5 9 0

Jansen and Cooper; Muncie, Casey (8) and McCullough. HRHS: NY—Mize (2); PGH—Stevens and Bockman. WP—Muncie.

# MAY WHEAT SLUMPS BUT OTHER GRAINS SCORE ADVANCES

Chicago, May 18.—(P)—Most grain contracts scored modest advances on the Board of Trade today. A conspicuous exception was May wheat, which fell more than 3 cents shortly after the opening and never showed much rallying power.

New crop wheat deliveries were bought on reports of damage to the grain in western Kansas and prospects that harvesting would be hampered in the southwest by recent heavy rains. Corn and oats generally held firm in a light trade.

Rye spurred sharply at one time, but lost a part of its early gain. Soybeans sold off toward the close in line with a drop in lard and cotton-seed oil prices. General commission house selling hit lard and all deliveries felt quite sharply.

Receipts were: wheat 134 cars; corn 59, oats 14, rye none, barley 16 and soybeans 21.

Wheat closed 3¢ lower to 14 higher. May \$2.22-\$2.24, corn was 1-1/4 higher, May \$1.34-1/2, oats were 1-1/4 higher, May \$1.40-1/2, soybeans were 3-3/4 higher, May \$2.36-\$2.38, and lard was 15 to 30 cents a hundred pounds lower, May \$11.50.

# CLOCK WATCHER SEES WALL IS ON FIRE

Galesburg, Ill., May 18.—(P)—Larry Edwards, radio announcer, is glad he's a clock watcher.

He has to watch the clock, of course, to time his broadcasts. Today he calmly watched a smoldering fire in the wall beneath the clock in the study in which he was giving a news broadcast over station WGIL. After completing his broadcast, he called the fire department and also doused the fire with water. It was almost out when firemen arrived.

## BLUEBOYS ENTERTAIN CARTHAGE NINE TODAY

Joe Brooks' Illinois College nine plays host to Carthage college at Russell Field this afternoon in a game starting at 3:45.

John Maynard is scheduled to pitch for the Blueboys.

**AUCTION SALE**  
**NEW HOUSE**  
338 N. WEBSTER  
AT 2 P. M. Saturday, May 28.

This is a modern five room house complete in every detail. The house  
is heated by a forced air oil burning furnace. Has a full basement, hard-  
wood floors throughout, inlaid linoleum on kitchen and bathroom floors,  
plastic tile walls in the bathroom, venetian shades, fireplace and picture  
window in the living room, attached garage completely finished with over-  
head doors.

This house was built by the Building Trades class of the Jacksonville  
High school at a cost of \$11,833.97. This cost does not include the labor  
of the boys or the cost of supervision. A breakdown of this figure can be  
obtained at the office of the High School Principal.

The house will be open for inspection on Wednesday, Thursday and Fri-  
day, May 25, 26, 27 from 2:00 P.M. to 9 P.M. or it can be seen by appoint-  
ment.

**TERMS**  
10% cash in hand day of sale. Balance upon approval of abstract and de-  
livery of deed. Purchaser will receive an abstract brought up to date.  
Immediate possession. 1948 taxes due and payable now will be paid by  
the present owner. Abstract may be seen at the office of the High School  
Principal.

357 acres more or less described as the North East Quarter of the  
North East Quarter of Section 30; the South East Quarter of Section 19;  
the South Half of the North East Quarter of Section 19; the North West  
Quarter of the North East Quarter of Section 19, and 10 acres off the  
South side of the North East Quarter of the North East Quarter of Section  
19; all of said real estate being in Township 5 South, Range 6 West  
of the 4th P.M., situated in Pike County, Illinois;

**PLACE OF SALE**  
North Front Door of Court House in Pittsfield, Illinois;  
**TIME OF SALE**  
TWO O'CLOCK P.M. STANDARD TIME  
FRIDAY, JUNE 3, 1949

**TERMS OF SALE:**  
This land will be sold subject to the following: to land heretofore  
conveyed for highway purposes; to the lien of a mortgage in favor of  
The Prudential Insurance Company of America in the principal amount  
of approximately \$21,398.71; the general taxes for the year 1949 payable  
in 1950; the 12th installment, if any, of special assessment due January  
1, 1950, the lien of any other installments of special assessments which  
may become due January 1, 1950 or thereafter, and the annual main-  
tenance taxes which become due and payable on September 1, 1949 and  
thereafter, all with respect to the said land and improvements thereon;  
the Kiser Creek Sub-District thereof; the right of one of the present  
owners Lyle D. Kramer to retain possession of all of said real estate until  
February 28, 1950; and the wheat now growing on said land none of which  
shall go to the purchaser at such sale. This land will be sold free and  
clear of all other liens except those above specifically mentioned. The  
purchaser will be required to deposit 10% cash on day of sale with the  
undersigned Mercantile Trust & Savings Bank or its representative at  
such sale and balance of purchase price shall be paid to the undersigned  
bank within 20 days thereafter. Possession will be delivered to purchaser  
upon the payment of full purchase price subject to the following farming  
rights of Lyle D. Kramer: the 40 acres of growing wheat shall remain  
the property of Lyle D. Kramer and Inez E. Kramer; a 2/5ths interest  
of 40 acres (weather permitting) of growing soybeans shall go to the  
purchaser; a 1/2 interest in the corn growing on the balance of tillable  
land (weather permitting) shall go to the purchaser; full possession will  
be yielded on or before February 28, 1950.

The undersigned bank upon compliance with terms of sale will execute  
and deliver a good and sufficient special warranty deed of conveyance.  
Abstract of title showing merchantable title will be furnished and the  
same is available for inspection at the office of the Trust Department of  
said bank.

**AUTHORITY FOR SALE**  
This property is being sold by the undersigned bank by agreement  
of the owners Lyle D. Kramer and Inez E. Kramer, his wife.  
This is a rich bottom farm in good state of cultivation located on a  
main gravel road about 2 1/2 miles south and west of New Canton, Illinois.  
There is located on this property a 5 room frame bungalow with base-  
ment, 1 large barn and machine shed attached, 1 corn crib, 1 chicken  
house and also a 4 room frame tenant house, all wired for electricity.  
For further details see any of the undersigned.

## CITY'S NEW 100 FOOT AERIAL LADDER ARRIVES

A representative of the American LaFrance Foamite corporation of Elmira, N.Y., yesterday delivered the new 100 foot aerial ladder truck to the Jacksonville fire department. The truck, ordered about 20 months ago, arrived in the city shortly after 5 p.m. Wednesday and immediately attracted a great many spectators. Hundreds of interested visitors inspected the huge fire-fighting apparatus at the city hall last night.

The truck was unloaded from its special box car, equipped with doors at each end, at an unloading dock in Springfield earlier in the afternoon. Max Kintigh, field representative out of the company's Chicago office, drove the truck to Jacksonville.

He will give preliminary instructions in the handling of

the new machine to city firemen Thursday morning and expects to have it ready for complete demonstrations when the regional fire school is held here May 26-27.

The truck is one of the largest and most modern pieces of protective equipment available. When loaded for service its total weight is about 16 tons. The powerful 275 horsepower engine will move the large truck up to 75 miles an hour. At the present time, however, it has a governor which permits a maximum speed of 58 miles per hour, which Kintigh said was the top safe handling speed.

Accompanying the new truck to this city were Alderman Lloyd Reid of the fire committee, Chief Charles Lonergan, City Mechanic Herman Opperman and Driver Raymond Hayes.

## Racial Problems Program Subject Of Franklin Club

Franklin—Papers on "Our Racial Problems" were heard when the Franklin Homemaker's Circle met Tuesday afternoon with Mrs. O. W. Gould. Mrs. Marion Keplinger, the president, presided.

Mrs. H. Dahman gave a paper on the American Indian; Mrs. Nece read one on the Negro and Mrs. Charles gave a paper on the Jews.

An additional donation was made to the cancer fund. Refreshments were served.

Miss Dorothy Brewer entered Our Saviour's hospital Monday and submitted to surgery Tuesday morning for a gall bladder condition. Miss Geraldine Hunt has been assisting at the telephone office during Miss Brewer's absence.

Mrs. Thomas Timms left Monday for Detroit for a few weeks visit with her brothers and sisters and other relatives. Her two sons accompanied her.

The Wesleyana birthday social of the Methodist church will be held Thursday, May 19, at the church at 2:30 p.m. Major Henry Searles of Jacksonville will be the guest speaker.

District Superintendent Dr. Guthrie preached Sunday at Durbin and Franklin and held the last quarterly conference Sunday afternoon at the Franklin church. At the noon hour both congregations enjoyed a potluck dinner in the parlors of the Franklin church.

The Junior-Senior prom of the Franklin high school was held in the gymnasium Saturday evening, May 14. Music was furnished by Jimmy Conlee and his orchestra. The gymnasium was beautifully decorated to represent a Hawaiian island scene. The high point of the evening was the queen's procession and the crowning of the queen, Miss Jean Neal, by last year's queen, Miss Beatrice Ball.

Miss Margaret Triplett, sponsor of the Junior class, was in charge of the prom.

## To Install Mobile Radio Telephones In Local Cabs

Kenneth L. Olson, proprietor of the American Cab company of Jacksonville, Wednesday announced the purchase of three mobile radiotelephone units for installation in the company's cabs. The main transmitter will be housed in the Union Bus station.

New in this area, radio equipped cabs in other sections of the country have provided increased public convenience and faster service. They have been found to save much time for both drivers and patrons, since dispatchers can use the radiotelephone to re-route cabs after they have left the station.

The system has been also used to great advantage in reporting local emergencies to the proper civic agencies. Fires, thefts, illness or other emergencies can be transmitted immediately to the dispatching headquarters and relayed by telephone to the police and fire department or ambulance services.

Mr. Olson said the Motorola company has promised to install the telephones within the next week or ten days. The antenna for the main transmitter will be located on top of the bus station.

## DEALERSHIP OPEN

## Burial Saturday

Lt. Clifford W. Coultas

Winchester—The remains of Lt. Clifford W. Coultas, son of Mr. and Mrs. J. Carl Coultas, will arrive in Winchester Thursday, May 19, and be taken directly to the Danner Funeral Home.

Lt. Coultas was killed in action February 13, 1944, while flying his eleventh mission over France as co-pilot on a B-17 bomber.

Services will be held Saturday, May 21, at 2:30 p.m. at the Winchester Baptist church with the Rev. F. V. Wright officiating, assisted by the Rev. James Williams.

In addition to his father and mother, Lt. Coultas is survived by two sisters, Mrs. R. R. Riggs of Winchester, and Mrs. Jack Bowman of Glasgow, and one brother, Russell Coultas of Jonesboro, Ark.

## Panel Discussion On Governments Heard By Lions

A panel discussion on the relative merits and disadvantages of three types of government, socialism, communism and democracy, was heard Wednesday evening at the regular meeting of the Lions club held in the meeting of the Lions club held in the Dunlap hotel.

The speakers were Attorney Harry G. Story, Secretary Paul Hartman and Dr. Alfred J. Henderson of MacMurray college.

Fred R. Bailey reviewed the activities of the Lions International convention, which was recently held in Chicago. Delegates representing the local club included President O. A. Schuette, Fred Sorrell, E. J. Korsmeyer, John Furry, Pat Knowles, John Wurga, Willard Coody and Mr. Bailey.

## Carrollton BPWC Holds Installation Rites For Officers

Carrollton—Miss Helen Epps was installed as president of the local Business and Professional Women's club in a candle light installation ceremony held at her home following the anniversary dinner of the club served at Wessell's Cafe.

Other officers installed were Mrs. James Day, vice president; Mrs. Harry French, secretary; Mrs. Oren Stebbins, corresponding secretary; and Mrs. Bessie Schmeitlen, treasurer. The installation ceremony was planned and carried out by Mrs. Media D. Dowdall. The evening closed with a recreational program at the Epps home.

William W. Howard, son of Circuit Clerk J. W. Howard, is a member of the graduating class of Illinois College, Jacksonville, and will receive his degree in mathematics and physics June 12. Howard is a graduate of the Carrollton high school and served in the armed forces during World War II. Since his return he has been a student at Illinois College. He expects to make teaching his profession. His wife is the former Eileen Varble of this city.

Round—Square Dance Nichols Park Fri.

## Household Science Club Hears Story Of 'Dutch Design'

An interesting story of the "Use of Pennsylvania Dutch Designs in the Home" was presented by Mrs. Robert Hartman at the Household Science club meeting Tuesday afternoon at the Albert Pearce residence.

Mrs. George Rogerson was assistant hostess.

"From the time of Benjamin Franklin to this day," declared Mrs. Hartman, "the Pennsylvania Dutch have cherished color, decoration, art, crafts, music, good cooking and bountiful hospitality. The first gourmets of America were Dutch, and the first dining club in this country was established in Philadelphia in 1732."

Mrs. Hartman displayed much of the Dutch art, which included a peculiar shade of blue and the tulip flower design. This design was used on Mrs. Hartman's kitchen and dining room chairs. She also showed several pieces of brownish red pottery made by Mrs. Reysner of Plymouth Meeting, Penn.

Guests present were Mrs. Harold Gibson, Mrs. Hugh Gibson, Mrs. Waldo McCreery, Mrs. Byron Galt, Mrs. Max Thompson, Mrs. Day and Mrs. Roy Hartman.

## Arenzville Legion Auxiliary To Hold Annual Poppy Sale

Arenzville—Plans are nearing completion for the annual Poppyday sale, which the American Legion Auxiliary, Unit No. 604, will sponsor in Arenzville on Saturday, May 28.

Mrs. Charles Schnitzer of Arenzville heads the committee in charge of the event.

The little red flowers which the members will sell are replicas of the Flanders poppy and are made by hospitalized veterans throughout Illinois during the past few months.

These veterans, many of whom will be confined to hospitals for the rest of their lives, are the only ones who profit from the poppy sale.

## Stout Services Held In Cass

Virginia — Funeral services for John E. Stout of Philadelphia were held Wednesday afternoon at the Virginia Christian church with the Rev. J. W. Collins of Centenary church, Jacksonville, officiating.

Organ music was furnished by Miss Clara Greenwood. The floral offerings were cared for by Mrs. Warren Watkins, Mrs. Jack Barebo, Mrs. Samuel Plowright, Mrs. Cecil Schaffer and Miss Iva Lancaster.

The bearers were Cecil Carpenter, Fred Sutherland, Wayne Crouse, Lloyd Loeffler, Gailand Watkins and Zeik Plowright.

Burial was in Walnut Ridge cemetery.

Mrs. Joe Logan Feted At Shower

Mrs. Joe Logan was guest of honor at a pink and blue shower given Wednesday evening at the home of Mrs. George A. Garrett, 1216 S. East street.

Hearts was played with prizes going to Mrs. Ethel Wright, high scorer; Mrs. Eloise Hawk, low; and Mrs. Doris Dewese, floating. Many lovely gifts were presented to Mrs. Logan.

Others present were: Mrs. Berneice Beeley, Mrs. Stella Hagan, Mrs. Mildred Bieber, Mrs. Pearl Cooper, Mrs. Jean Tuey, Mrs. Marge Bond and Mrs. Bettie Andrews.

## COMEDY PREMIER AT LOCAL THEATRE

The Illinois theatre has been selected as one of a group of theatres in St. Louis area to participate in the world premier showing of the 20th Century Fox picture, "It Happens Every Spring," according to word received here Wednesday by B. M. Montee.

The first public showing will be held in St. Louis on Thursday, May 26, and the local engagement will start Sunday, May 29. Stars in the hilarious comedy include Ray Milland, Paul Douglas and Jean Peters.

## Fishermen Watch Helplessly As Man Walks Into River

Rockford, Ill., May 18.—(P)—Two fishermen watched helplessly today while a man walked into the Rock river and disappeared in the depths.

Police recovered the body after a 30 minute search. It was identified as that of Lawrence W. Stolberg, 47, an unemployed Rockford resident.

Two fishermen, Jack Schlupp, 19, and Donald Kleh, 30, both of Rockford, told police they watched helplessly while Stolberg waded into the stream and sank from sight.

Schlupp and Klein were fishing from a Chicago Burlington and Quincy railroad trestle when they saw Stolberg walk out into the river. They said he disappeared before they could reach the spot.

The victim was identified from fingerprints.

## Philathea Class Elects Officers At Becker Home

Miss Pearl Allison was reelected president of the Mary Dewees Philathea class, Central Christian church, Tuesday evening at the country home of Mrs. Geneva Becker. Other incumbents for the coming year are: Miss Minnie Green, vice president; Mrs. Irma Williamson, secretary; and Miss Ethel Shortridge, treasurer.

An announcement was made that the class will have charge of the opening exercises at the Central Christian church Sunday, May 29. Highlights of the Baraca-Philathea state convention held here recently were given by Mrs. Irma Williamson, Mrs. Irene Hughes and Miss Fern Taylor.

The devotional period was under the direction of Mrs. Della Jackson, who used as her subject "The Nation Which Trusts in God." Prayer was offered by Mrs. George Douglas and Mrs. Louella Henry.

## Pastor Addresses White Hall Club

White Hall—The couple's club of the Presbyterian church met Monday evening at the church for its regular meeting and potluck supper. The Rev. Wilson, pastor of the church, addressed the group.

Mrs. Roberts of Roodhouse, with Mrs. Merle Mackey at the piano, gave a musical reading. Mrs. Marian Broberg accompanied group singing. Hosts were Mr. and Mrs. J. L. Guis, Mr. and Mrs. Charles Arnold, Mr. and Mrs. Louis Waltrip and Mr. and Mrs. M. D. Keisinger.

A family reunion was held Sunday at the home of Mr. and Mrs. Jess Ridings, with 45 present. All 13 children of Mrs. Kate Ridings attended.

A Lions home coming vesper service will be held Friday at the Griswold cafe annex. Lion E. C. Johnson will preside.

NOTICE

Having leased garage at Litterberry, your patronage will be appreciated.

Donald Willis.

## Morgan Attorneys Adopt Resolution On Judge Thomson

At the Wednesday afternoon session of the Morgan county circuit court, presided over by Judge L. E. Wilhite, the Morgan county Bar association presented a resolution on the death of Judge William E. Thomson, a long time member of the bar association.

The resolution was presented by Attorney Walter Bellatti, who after reading the resolution, spoke briefly on the life of Judge Thomson.

Attorney Carl E. Robinson and Attorney Orville Foreman, in seconding the motion to adopt the resolution, also spoke briefly.

In ordering that the resolution be made a part of the circuit court records, Judge Wilhite also made brief remarks.

The meeting was attended by 20 members of the local bar association. The resolution in full follows:

RESOLVED by the Bar Association of Morgan County, Illinois, that in the death of William E. Thomson we have sustained the loss of one of the most capable, useful and respected members of this Association.

Judge William E. Thomson engaged in the practice of law in this county for more than forty years, and at the time of his death was the Dean of the members in active practice at this Bar. His work as a lawyer was of the very highest order and his loyalty to the interests of his clients was unquestioned. As a man he was friendly, companionable and obliging, and as a citizen he always supported all projects looking toward the betterment of the community.

For two terms he served as Judge of the County Court of Morgan County most acceptably. He was painstaking, fair and impartial in his decisions. He served as Treasurer of this Association for a great many years and conducted its affairs to the great satisfaction of all its members.

BE IT RESOLVED that this memorial be spread upon the minutes of this Association and that it be presented to the Circuit Court of Morgan County, Illinois, and that a copy hereof be forwarded to the family of Judge Thomson.

## Polenik Testifies Police Used Force To Get Confession

Chicago, May 18.—(P)—A youth testified in his murder trial today police beat and threatened him into confessing the fatal shooting of a policeman.

Raymond Polenik, 19, of suburban Stickney, denied any part in the slaying of Policeman Jerry Lebloch in the suburb Jan. 9. Polenik is on trial in criminal court on a charge of murder.

When Polenik's statement on the killing was admitted into evidence earlier in the trial, three Stickney business men who witnessed it testified it was obtained without duress.

Under questioning by defense counsel, Polenik told this story:

After taking a second lie detector test at the detective bureau on Jan. 10, four men came into the room. Two of them held his arms behind his chair, while the others beat him on the stomach, chest and throat for an hour and a half.

Then Capt. Daniel A. Gilbert, state's attorney investigator, came in. "I asked him what he wanted me to do. He said I should sign a confession and I asked him what I would get out of it."

"Gilbert then told me that he would see that I got off with only 14 years if I signed the confession."

## Royal Neighbors Of Scott Plan Alsey Meeting

Winchester—The annual Scott county Royal Neighbors convention will be held at Alsey on June 2, beginning at 1:30 p.m. The afternoon program will be a school of instruction and class adoption by the Winchester degree staff will follow at 4 p.m.

Supper will be served at the school by the P.T.A. The evening session, starting at 8 p.m., will be open to the public with a fancy drill by the White Hall camp. Memorial service by Pittsfield camp, formal induction of visiting officers by the Alsey camp, and a program of music and stunts by the different camps will conclude the program. The public is invited.

Mr. and Mrs. Barry Cowhick were visitors in Shelbyville Sunday.

Mrs. B. F. Walker entertained at a birthday potluck supper Tuesday night in honor of Mrs. Mark Peak. Among those from Winchester who attended the funeral services of Mrs. Emaline Thoma in Springfield Wednesday morning were Mrs. Lucille Coultas, Mr. and Mrs. Tom Coultas, Mr. and Mrs. Albert Coultas, Mr. and Mrs. Richard Coultas, Mr. and Mrs. J. Ralph Peak, Mrs. Mary Smith, Mrs. Elsie Thomas, Mr. and Mrs. Duke Bugg, T. J. Dugan, Mrs. Jane Lehman and Mrs. Dale Pittinger.

## GRADUATION WATCHES

Priced from \$22.00

THOMPSON & SON JEWELERS.

## MRS. SEEMAN RESIGNS HOME ADVISER POST

The resignation of Mrs. Arthur Seeman as home adviser of the Morgan-Scott Home Bureau was respectfully accepted by the unit's executive board at a special meeting Wednesday afternoon.

Mrs. Seeman, who has been adviser since the spring of 1945, hopes to return to the teaching profession. The board has no one in mind to fill the vacancy and will accept applications.

## Mrs. Roy Lomb Dies Wednesday At The Age Of 52

Mrs. Roy Lomb passed away at 5:50 p. m. Wednesday at her residence, 1516 S. Main street. She was 52 years of age.

The daughter of Solomon and Christine Nelson Swanson, Mrs. Lomb was born Dec. 18, 1896, at Jacksonville. She married Roy Lomb at Lincoln, Ill., on June 21, 1920. There were no children.

She was a member of the Centenary church, Gamma chapter of Beta Sigma Phi and the Eastern Star.

Besides her husband, she is survived by the following brothers and sisters: Carl A. Swanson, Mrs. William J. Roberts and Mrs. Richard Wilding, all of Jacksonville. One sister, Mrs. A. J. Hubbard, preceded her in death.

The body was taken to the Gillham Funeral Home and will be returned to the residence Friday where it will remain until one hour before the funeral. Services will be held at 2:30 p. m. Friday at the funeral home.

## Rotarians Award Students \$142,000 In Scholarships

Chicago, May 18.—(P)—Rotary International announced today award of \$142,000 in fellowships to young men and women in 20 countries to provide them with foreign study.

Grants range from \$1,800 to \$3,400 each. The announcement was made through headquarters of the worldwide service club organization in Chicago.

Those receiving 1940-50 fellowships include: Carl D. Zuercher, Huntington, Ind., who will study at Oxford university; Howard E. Schuchmann, O'Fallon, Ill.; Oxford university; William E. Roth, Rock Island, Ill., graduate Institute of International Studies, Geneva; Robert M. Turner, Union City, Ind., University of Havana; Tuiskon Dink, Sao Leopoldo, Brazil, University of Illinois; Vagn Aage Korsbeck, Holstebro, Denmark, University of Wisconsin.

Even if only one-half of this could be recovered, it would still be 239 times our known petroleum resources. Surely enough to last us for centuries, they figured. So the synthetic liquid fuels act was approved by Congress in 1944. Since then, and particularly since the war, progress has been rapid and substantial.

Coal is essentially a solid hydrocarbon with a low ratio of hydrogen to carbon, generally about one part of hydrogen to 14 or 15 parts of carbon. You can make oil out of coal by adding hydrogen. This isn't easy, but it can be done.

A demonstration plant has been built at nearby Hannibal, Mo. It was dedicated by Secretary of Interior J. A. Krug on May 8. Tuesday it was visited by about 400 interested persons in a tour sponsored by the Solid Fuels Institute.

Plant officials were hospitable and helpful as they could be, but they couldn't dress down technical terms enough to make the processes understandable to the majority of the visitors. Pressures, hydrocarbon synthesis, exothermic reactions and catalysts were too much for them.

There are really two plants at Hannibal. Both are built around the anhydrous ammonia plant built by the Hercules Powder company.

One plant adds hydrogen directly to the coal. The other converts the coal into a gas and then reduces the product to a liquid form.

In the former, dry coal is ground to a very fine powder. It's blended with an oil derived from the process. High pressure pumps develop 10,000 pounds per square inch force the paste into a converter where it meets hydrogen at a temperature of 800 degrees F. At Hannibal the hydrogen is extracted from natural gas. The action converts solid coal into gases, heavy and light oils. The oils can be distilled into gasoline or furnace oil or distillate, practically anything you want. This flexibility is one of the best points of the plant; it's easy to switch over to products in immediate demand.

A German made machine provides the oxygen, extracting it from the air at temperatures more than 300 degrees F. below zero. It has a capacity of 20,000 cubic feet, or one ton, an hour.

The visitors looked at all the expensive-looking machinery and asked about the cost of the product. They were told that present experience indicates that gasoline could be produced for from 12 to 15 cents a gallon, if the plant had a capacity of 30,000 barrels a day, 15 year amortization and no profits. If by-products could be sold at their present prices, the cost would be reduced to eight to 11 cents a gallon.

The visitors, most of the Illinois and Missouri coal men, with a sprinkling of engineers, mining students and business men, were fascinated by the high pressure pumps and lines. They began to realize that 10 or 12 thousand pounds of pressure per square inch is slightly unusual when they inspected forced chrome steel pipes, as big around as their forearm, with a bore about the size of their middle finger.

But even if they didn't understand everything they saw, they went away assured that coal could be changed into oil. One of them said: "I feel a little happier. I was afraid we were going back to horses."

The state flower of Kansas is the sunflower.

Dance Chapin High School Friday.

May 20. Dancing 9:00 to 12:00; Johnny Allens' Orchestra of Springfield. Admission 60c tax paid.

## Hannibal Coal To Oil Plant Promises Fuels, Security

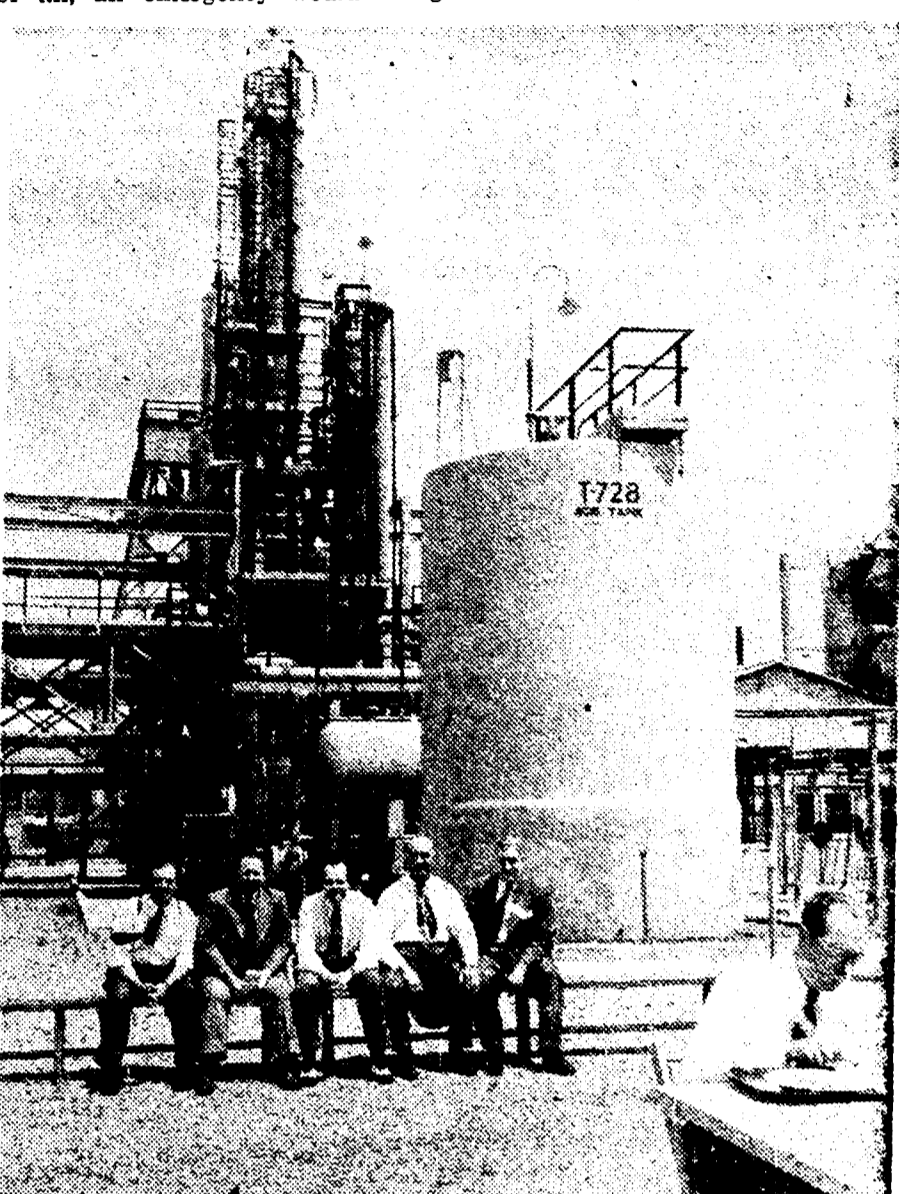

By Cecil Tendick

For years now geologists have been warning the people of the United States that our proved oil deposits wouldn't maintain our demands. The people heard the warnings and went ahead in a typical human pattern; they used more oil every year.

But last year the United States became a net importer of oil. We had to import more than half of our needs. Transportation by ocean tankers is pretty expensive. Worse of all, an emergency would bring

added hazards of blockaded tankers, plus possible seizure or destruction of properties developed in foreign lands.

During this century scientists have been investigating the possibility of turning a solid hydrocarbon, coal, into a liquid hydrocarbon, petroleum. The Germans were particularly aggressive in this field and, backed by fervor of nationalism, developed synthetic fuels to the point where they were able to fight a wide-scale war even though they were divorced

Five visitors at the Hannibal gas to oil demonstration plant Tuesday rest in front of a modern distillation unit as they await their turn in the "chow line" aboard a special Burlington train.

Seated (left to right) are Joe Gano of Peoria, John T. Hackett of Jacksonville, president of the Illinois Fuel Merchants association; R. Karl Baker, secretary of the Jacksonville Chamber of Commerce, John E. Chiotte of Peoria and Thomas E. Gorman of Chicago, secretary of the association.

from supplies of natural petroleum. The American government began to get more than little perturbed about a diminishing petroleum supply in the face of a demand that spiraled upward annually. Our geologists estimated that our coal reserves contain more than three trillion tons, one-half of the world's known deposits.

Even if only one-half of this could be recovered, it would still be 239 times our known petroleum resources. Surely enough to last us for centuries, they figured. So the synthetic liquid fuels act was approved by Congress in 1944. Since then, and particularly since the war, progress has been rapid and substantial.
